Yealink

Yealink MeetingBoard

Releasing Creative Productivity

Changes in Enterprise Office Environment

Increased requirement on **Hybrid Working**, not satisfied with listening and watching.

Requirement on interaction.

Professional meeting and **white boarding** product.

What is Yealink MeetingBoard

01 All-in-One Design

02 Cloud Meeting

03 Premium Video and Audio

04 Interactive Collaboration

DESIGN AWARD 2022

reddot winner 2022

Thoroughly Efficiency Infinite Possibilities

Yealink MeetingBoard | Yealink

MeetingBoard in Conference Room

MeetingBoard can be used for ALL conference rooms solution. Any size, any form.

Small rooms (2-6 users)

Medium rooms (7-12 users)

Large rooms (12 users and more)

MeetingBoard in Other Space

MeetingBoard is designed as wall mountable and floor stand able.
A floor stand with four swivel wheels. Push it to any corner you want.

Co-create Space

Manager Office

MeetingBoard in Education Scenario

Small Classrooms

Large Classrooms

Enhanced Deployment Experience

Traditional Meeting Room Experience

- Analog whiteboard with markers and eraser
- Messy table
- Hard to manage uniformly
- Hard to collaborate remotely

All-In-One Collaborative Experience

- Digital whiteboard with stylus
- Clean table
- Device management in Cloud
- Easy to collaborate remotely

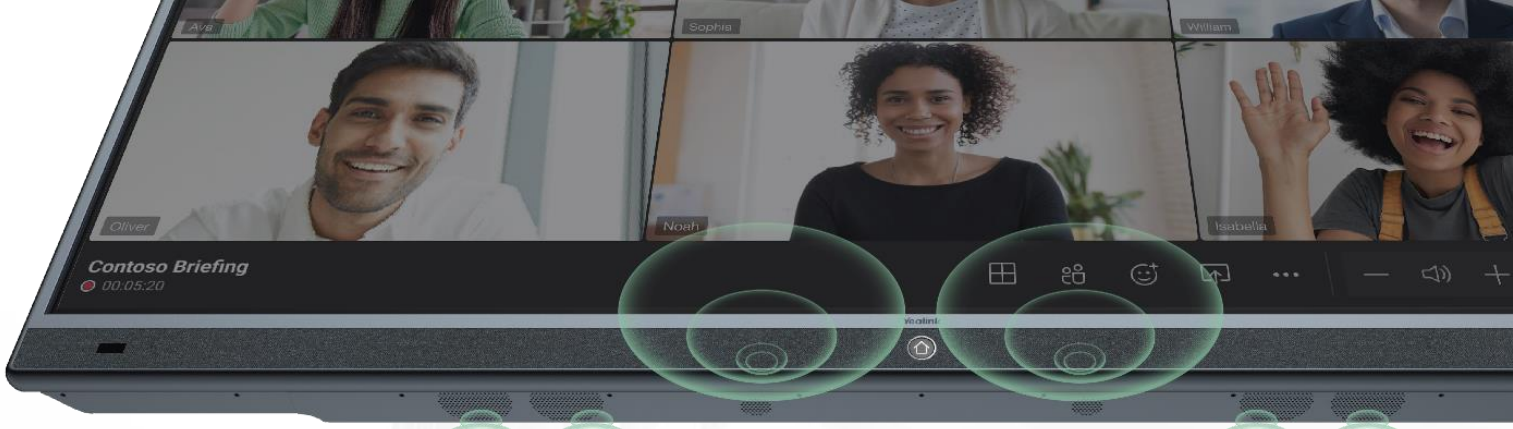
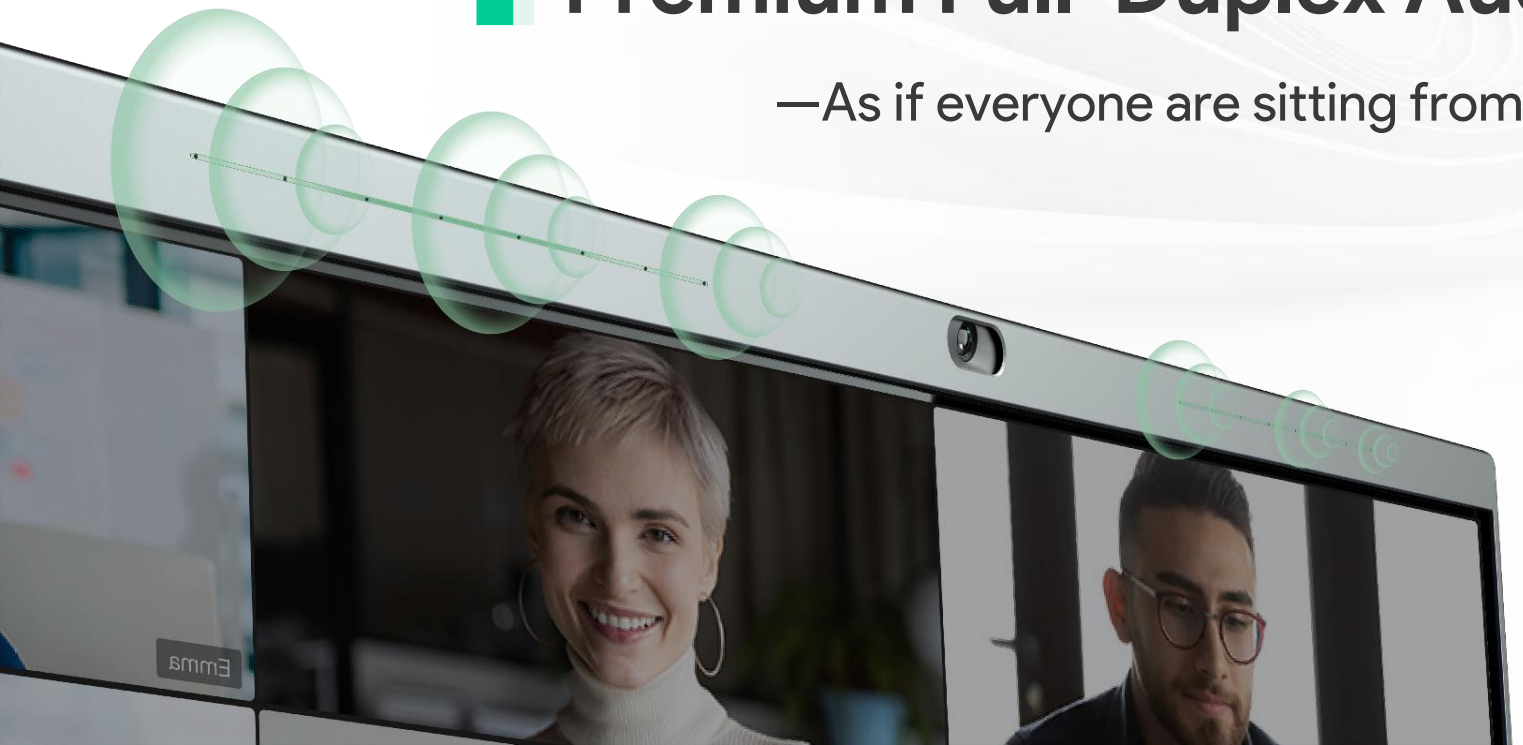
Premium Audio Experience

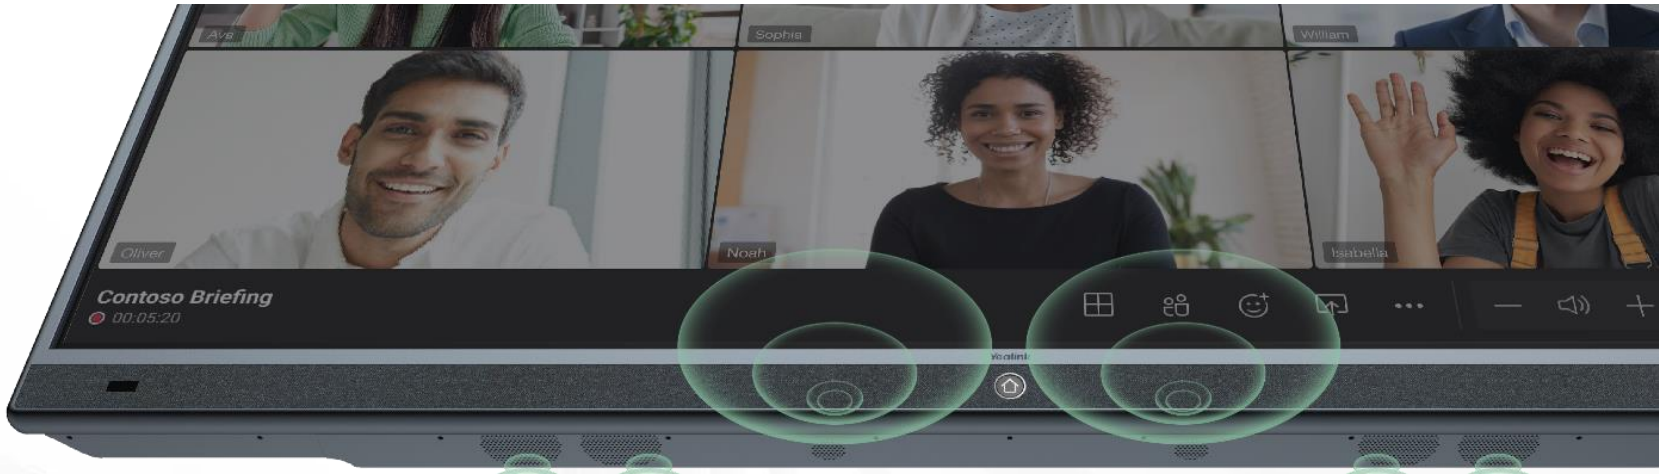
Yealink MeetingBoard | Yealink



Premium Full-Duplex Audio Experience

—As if everyone are sitting from each other





Supports Stereo Audio

- 4+2 stereo speakers
- Supports Stereo Audio
- High Fidelity Sound Quality
- Wide Range of Sound Coverage
- Industry Acoustic Fabric Design

- Dedicated AI Audio DSP
- 8m Full-Duplex Audio
- Built-in 16 Beamforming Microphone Arrays
- Enhanced AI Noise Proof
- Reverberation Suppression
- Wireless Expansion Mics for Larger Spaces

YEALINK AI NOISE CANCELLATION

Yealink enhanced AI noise cancellation makes the audio experience more brilliant. Leveraging a massive deep-learning sound database to reduce background noises, it is more about intelligent audio analysis than standard filtering of audio frequencies. The distracting keyboard clatter, mouse clicks, footsteps, and other ambient noises are smartly pared back, ensuring that users enjoy crystal-clear audio quality.

- Dedicated AI Audio DSP
- Enchanced AI Noise Proof
- Reverberation Suppression

Premium Full-Duplex Audio Experience

01 *To support stereo audio

02 *To support Cortana

03 *To support wireless mics to extend to larger space

Premium Video Experience

Yealink MeetingBoard | Yealink

Premium and Intelligent Video Experience

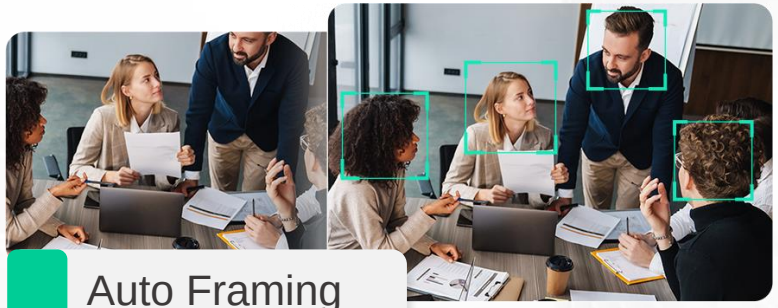
—build an intelligent dual-camera system

- 4K built-in camera
- Professional SONY image sensor
- *12X/6X detachable optional PTZ camera for larger space
- Electronic Privacy Shutter

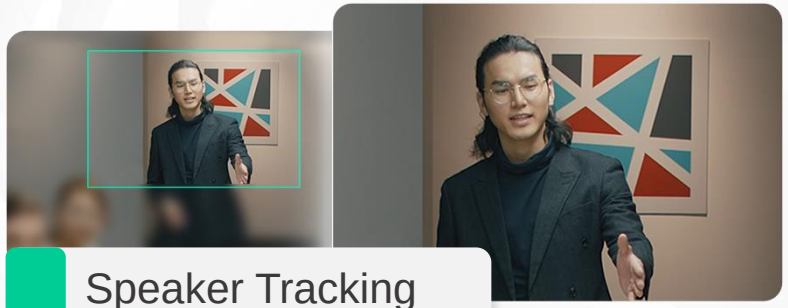
AI-POWERED VIDEO FEATURE

Intelligent AI Features

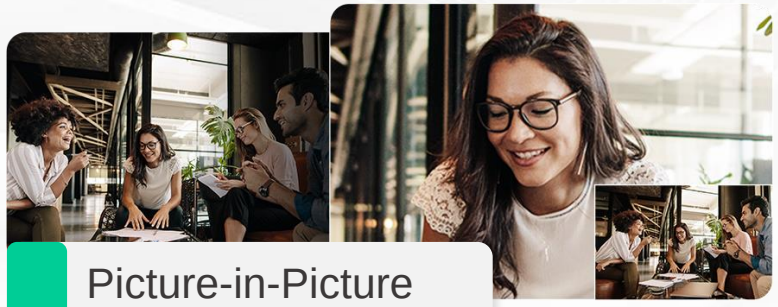
- Auto Framing
- Speaker Tracking
- *Picture in Picture
- *Smart Gallery
- *Multi Framing



Auto Framing



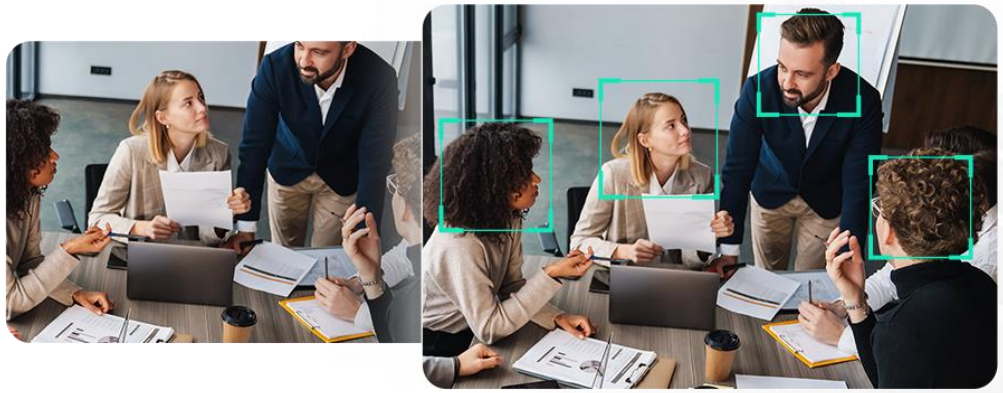
Speaker Tracking



Picture-in-Picture

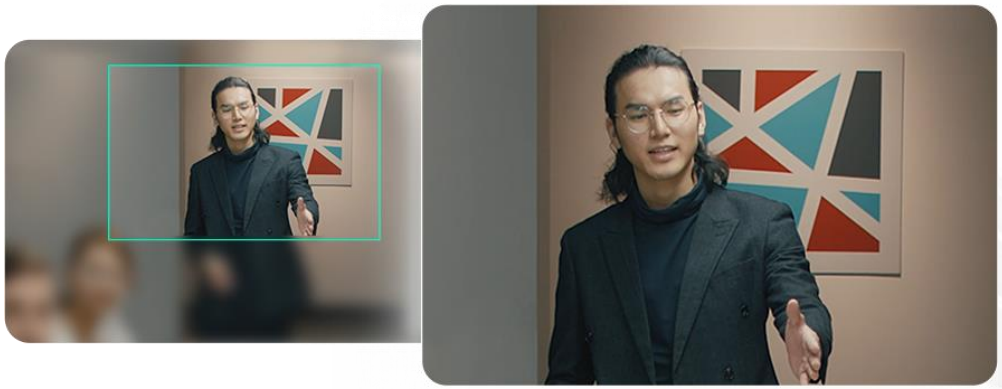
Multi-Focus Framing

Auto Framing



Auto Framing recognizes the number and the positions of attendees, framing everyone smoothly in the most appropriate view even in small spaces.

Speaker Tracking



Speaker Tracking frames a real-time close-up on the presenter, bringing a vivid face-to-face meeting experience and ensuring attendees are well-engaged. Strive to simulate the most realistic face-to-face meeting scenarios.

Picture-in-Picture

Picture-in-Picture tracks and frames the speaker in an individual window, which is separate from the other window, for a panoramic view, enabling users to keep an eye on who's talking even if the speaker is seated at a distance in a medium room.

Multi Framing

Multi-Focus Framing mode not only recognizes all attendees and frames each participant, but also turns equal windows of multiple persons into a recombined meeting view, solving the problem of distractions due to an unclear background.

Microsoft Whiteboard Experience

Yealink MeetingBoard | Yealink

Smart Collaboration Whiteboard

—Blast innovative ideas efficiently

Microsoft Whiteboard

4K canvas

Smart 4-Level Input Digital Ink Recognition

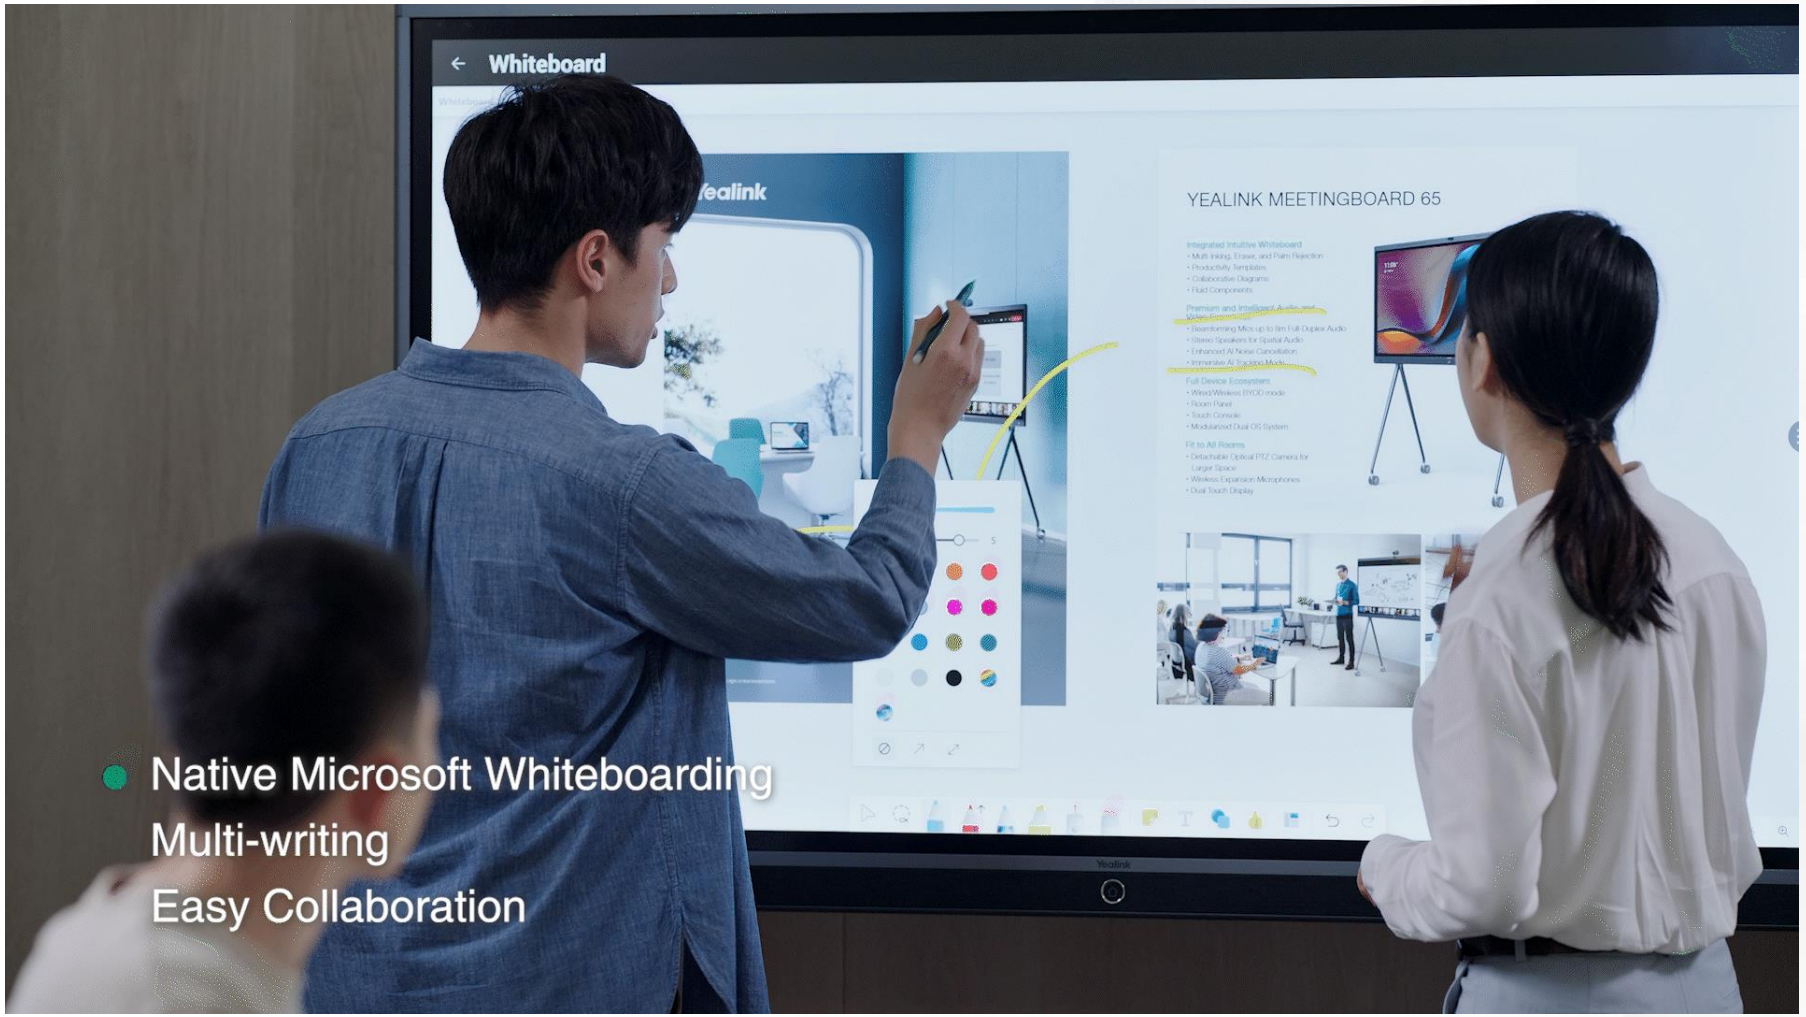
Pen tip – writing

Palm rejection

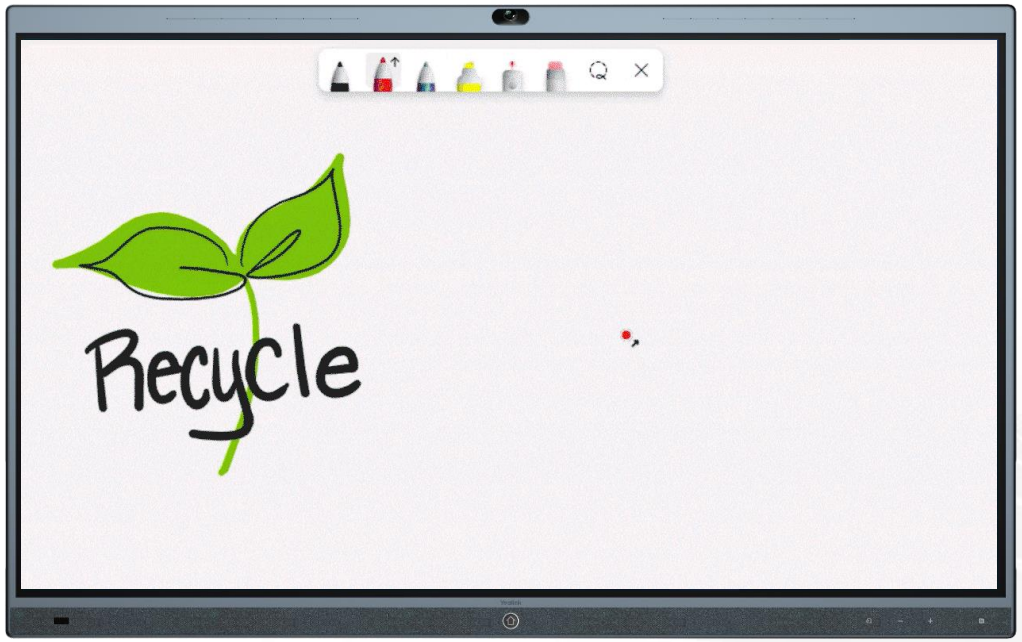
Fingers – navigating

Pen tail – erasing

Simultaneous Multi Writing

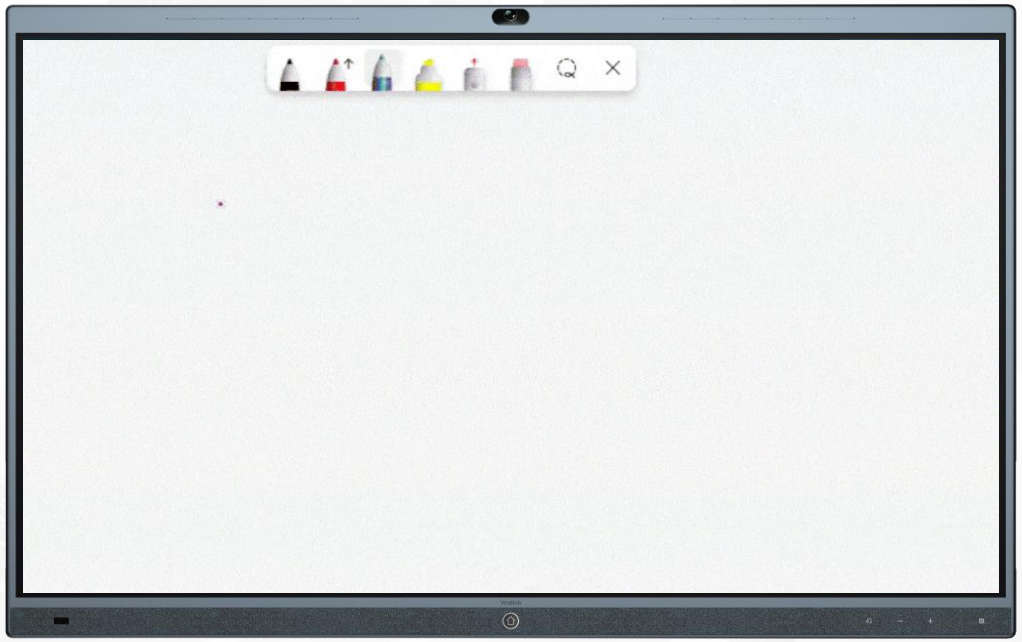


Smart Ink Tools



Ink Arrows

This feature adds a single or double arrowhead to the end of the ink stroke automatically, making inking easier and keeping diagrams and annotations clean and organized.



Ink to Shape Intelligence

With this setting on, all the ink shapes you draw with a mouse will be automatically converted.

Productive Basic Templates

There are over 40+ fully customizable templates to help people get started faster, generate flow, and design structure for their innovative ideas.
